This offer is our gesture to give our customers even more value during this difficult time. We are giving DStv and GOtv customers access to all the channels available on the next higher package from their current one, if they pay their current subscription in full. Terms and conditions apply.

Why is MultiChoice bringing this offer to Namibia customers?

We recognise that most of our customers are living in tough economic times and understand that they too are under pressure with everything that is happening around us in these challenging times. MultiChoice remains committed to delivering the best video entertainment experience in Namibia by telling the best local and international stories, giving access to nail-biting sporting action and up-to-the-minute news, as well as leading international series, movies, documentaries and children’s entertainment.

How do Namibian customers qualify for this Campaign Offer?

Customers who stay connected or reconnect their subscriptions may qualify for an upgrade to the next higher package at no extra cost. Once payment is made, customers may, subject to

system dependencies, be upgraded to the next higher package within 48 hours. This offer applies to active and disconnected customers. Terms and conditions apply.

Can a customer downgrade during the campaign period and still enjoy the offer?

If an active customer downgrades from their current package to an eligible package, the customer will be eligible to receive the offer during the offer life cycle. However, the downgrade will only be effective at the end of the current viewing period.

How long is this Campaign Offer valid for?
